COSMETICS CLAIMS BASED ON LITERATURE REVIEW

Cucumber, which has always been used in cosmetics, is rich in vitamins, trace elements, and minerals.

In addition to being highly hydrating, cucumber is known for its beneficial effect on dull skin lacking clarity and radiance.

The vitamins it contains are particularly beneficial for the skin.

This concentrated extract is the ideal ingredient for all skin types.

It is also found in skin care products for combination and oily skin, which it purifies.
