

BASIL AROMATIC WATER

INCI: *OCIMUM BASILICUM* (BASIL) LEAF EXTRACT

This herbaceous plant originates from Asia, particularly India and the Pacific Islands. Basil appeared more than 4,000 years ago in India.

It passed through the Middle East and then the Mediterranean region and Italy at the end of the 15th century. It only appeared in England and France at the beginning of the 16th century.

Basil was synonymous with love for the Romans. They offered it to their brides as a sign of commitment and sincerity.

→ Known as much for its taste as for its medicinal virtues, we wanted to enhance this plant in a cosmetic water thanks to our patented extraction technology.

COSMETICS CLAIMS BASED ON LITERATURE REVIEW

- **Skin Conditioner:** maintains skin condition
- **Antioxidant:** inhibits oxygen-mediated reactions, preventing oxidation and rancidity
- **Hair Conditioner:** leaves hair manageable, supple, soft, and shiny and/or adds volume, lightness, and shine

BASIL AROMATIC WATER

INCI: *OCIMUM BASILICUM* (BASIL) LEAF EXTRACT

REGULATION

INCI *Ocimum Basilicum* (basil) leaf extract
Origin EU, organic
Preservation Preservative free
Certification Cosmos certification on demand
Natural index origin (ISO 16128) 100.0 %

TECHNICAL

Appearance Limpid cristal clear liquid
Solubility Water soluble
Recommended dosage 1.0 % - 60.0 %

APPLICATIONS

- Replacement of perfume and water in cosmetic formulation
- Based on litterature review: antioxydant, hair conditionner, skin conditionner
